Here are some comments about the book:

"A fascinating and powerful look at the spiritual side of the alien threat. Sold Out Warning is a riveting, thought provoking journey into the controversial subject of alien abductees. The book is a compelling read." - Brian Vike, Director of HBCC UFO Research-

"I have taken the opportunity to read numerous books covering the subjects contained in this book. Most of these authors sidestep the critical spiritual insights provided through proper understanding of the Scriptures. . . His book reverberates with crucial insights for our time."

Book Description

This book is a "smoking gun" to what is really going on underneath the surface! Why has our technology so rapidly increased in the past twenty years? Why are there so many deaths surrounding UFOlogy? If there are no UFO's why do the United States Presidents talk about them? Are the Nephilim really among us in this modern day? Is there anything we can do to prepare for what is coming? Find these answers and more in this shocking expose that will give you the spiritual reason why we have sold our souls for technology. This book may not be suitable for the close-minded, religious modern-day Saducee and Pharisee-minded people. Jesus said, "The truth shall set you free." Will you allow your bubble to be popped. . . read if you dare

Excerpt from book: Could a perverted seed be living amongst us in and on this earth? And if so, who is responsible? How did it happen? Why? Why does the government cover up, hide, and deceive every time there is a

UFO sighting, or downed spacecraft with eye witnesses? What is the truth and where can one find out about these highly classified top-secret events? I have wondered myself many, many times; could this all be a precursor to a much larger event in the future? An event so huge, so sinister, that it deceives close to all the population? Is it a deception? Maybe it is a very large deception. . . A Grand Deception. These questions and more will hopefully be answered and more in the pages of this book.
